

Amendments to the Drawings:

Replacement sheets for FIGS. 1-5 are enclosed which formalize the drawings that were submitted with the application. No other changes have been made. Formal drawings are submitted herewith under separate Letter to the Official Draftsperson. Approval by the Examiner is respectfully requested.

REMARKS

Claims 1-8 are pending in the application. Claims 2 and 8 are allowed. Claim 1 is rejected and claim 7 is objected to.

Claim 1 is rejected under 35 U.S.C. 102(e) as being anticipated by Feldman (6,501,230).

By this amendment, claim 1 has been amended to clearly indicate that the present invention provides correction values which are based upon pixel position. The correction values in Feldman are based upon an age correction circuit which responds to an age signal. As amended, claim 1 is believed to define different subject matter than Feldman. Feldman and the present application are commonly assigned to the Eastman Kodak Company. Both of these inventions were assigned to Eastman Kodak Company at filing and remain assigned to Eastman Kodak Company. The present application was filed in the US on December 30, 2003 and claims the priority date of January 10, 2003 and March 19, 2003. The Feldman patent was published on December 31, 2002. Therefore, Feldman is not a reference under 35 U.S.C. 103(c).

Claim 7 was objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Since claim 7 depends on amended claim 1, it should be allowed along with it.

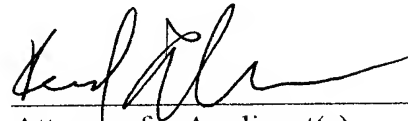

Claims 2 and 8 were allowed. Editorial changes were made to claim 2 which do not alter the scope of claim 2.

It is believed that these changes now make the claims clear and definite and, if there are any problems with these changes, Applicants' attorney would appreciate a telephone call.

In view of the foregoing, it is believed none of the references, taken singly or in combination, disclose the claimed invention. Accordingly, this

application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,
